

Big Sea Penn Fishing Reel Light Weight Saltwater Carp Bass Penn Clash Fishing Reel

Our Product Introduction

for more products please visit us on fishing-set.com

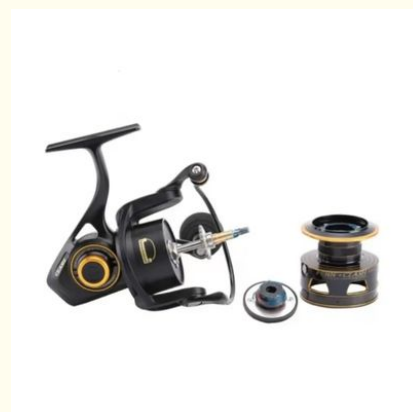

Basic Information

- Place of Origin: Shandong, China
- Brand Name: Penn / Sunrise
- Certification: ISO
- Model Number: 3000 4000 5000 8000
- Minimum Order Quantity: 100 Pieces
- Price: USD 120.95/Piece
- Packaging Details: Negotiated / Standard Package
- Delivery Time: Negotiated / 20 Working Days After Payment
- Payment Terms: T/T
- Supply Ability: 5000 Pieces/Month

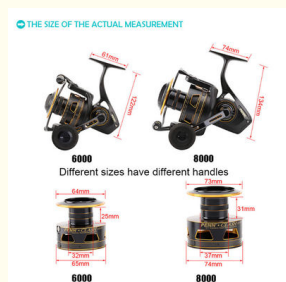

Product Specification

- Product Name: PENN CLASH Fishing Reel
- Material: Metal Reels
- Ball Bearings: 9BB
- Handle: Left Right Interchangeabl
- Handle Material: Stainless Steel
- Special Feature: Lightweight
- Ship From: Shandong, China
- Package: One/Paper Box
- Highlight: **Big Sea Penn Fishing Reel ,
Penn Fishing Reel Light Weight,
Carp Bass Penn Clash Fishing Reel**

Product Description

Light Weight Big Sea Saltwater Carp Bass PENN CLASH Spinning Fishing Reel

About Penn Clash

Design and Features: The Penn Clash is a spinning reel known for its durability, smoothness, and performance. It is designed for saltwater fishing and is suitable for various fishing applications, such as surfcasting, boat fishing, and inshore fishing.

Construction: The reel's body is typically made from a strong and lightweight material like metal or carbon fiber to withstand the harsh conditions of saltwater fishing. The use of high-quality materials helps ensure that the reel is corrosion-resistant and can handle heavy use.

Gear System: The Penn Clash reel utilizes a gear system designed to provide a smooth and consistent drag performance. The exact specifications of the gear system might vary between different models and sizes of the Clash reel.

Drag System: The Clash reel features a reliable and powerful drag system. The drag is adjustable, allowing anglers to set the desired resistance when fighting fish. A smooth drag is crucial when battling large and strong fish to prevent line breakage and maintain control over the fight.

Ball Bearings: The number and quality of ball bearings in a fishing reel affect its overall smoothness and performance. The Penn Clash reel usually comes equipped with a sufficient number of stainless steel ball bearings to ensure smooth operation.

Line Capacity: The reel is available in different sizes, each with its own line capacity, which is indicated in the reel's specifications. Choosing the appropriate size depends on the type of fishing and the targeted species.

Handle and Knobs: The handle of the Penn Clash is typically designed for comfort and ease of use. It may have ergonomic knobs or grips to provide a secure and comfortable grip while reeling in fish.

MODEL	GEAR RATIO	WEIGHT	BALL BEARINGS	MAX DRAG	LINE CAPACITY (YD-LB)
CLA2000	6.2:1	232g	8+1BB	4.5kg	240-4 180-6 125-8
