

Energy Storage Portable Solar Generator Home Lifepo4 Lithium Ion Battery Portable

Basic Information

Place of Origin: China
Brand Name: Sunrise
Certification: ISO
Model Number: 1100
Minimum Order Quantity: 100 Pieces
Price: 429 USD/Piece

Packaging Details: Negotiated / Standard Package

Delivery Time: Negotiated / 20 Working Days After Payment

Payment Terms: T/T

• Supply Ability: 5000 Pieces/Month

Product Specification

Product Name: Home Energy Storage

Material: Aluminium Alloy +ABS PC V0

Battery Class: Lithium Ion Battery

Battery Power: 1100WhTotal Capacity: 280800mAh

• AC Output: 110V/220V Pure Sine Wave

• Battery Voltage: 14.8V

Product Size: 192*303*192mm

• Highlight: Energy Storage Portable Solar Generator,

Portable Solar Generator Home, Lithium Ion Battery Portable

Product Description

Home Energy Storage Lifepo4 Lithium Ion Battery Portable Power Station

Specification

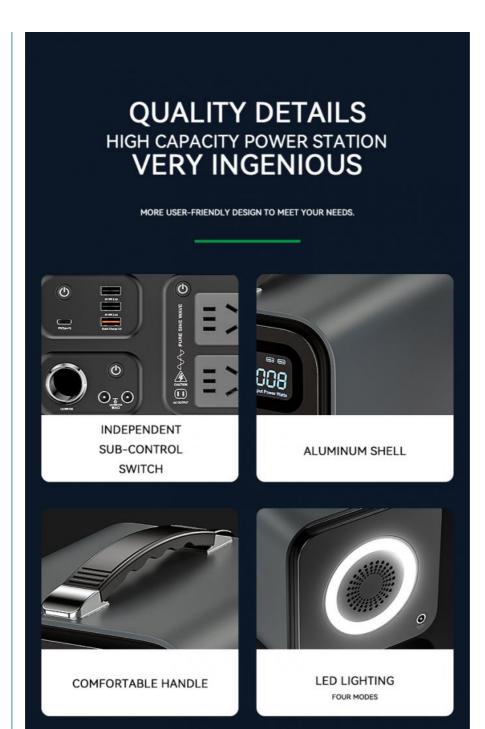

Model	1100
Battery Type	18650 Lithium Battery
Battery capacity	280800mAh
Battery Power	1100Wh
AC Output	110V/220V pure sine wave
Packing	1in1,14KG
Material	aluminium alloy +ABS PC V0
Quality Certification	FCC,ROSH,PSE,UN38.3
Product Size	192*303*192mm
Product weight	11.4KG
Battery Voltage	14.8V
Battery class	Lithium ion Battery

Product Description

SUNRISE Portable Power Station is a portable multi-functional energy storage power station system. SUNRISE Portable Power Station is made with high power efficiency lithium-ion battery with high-energy conversion circuit; built-in own design and develop durable battery management system (BMS) and inverter; and high strength aluminum alloy case. Our engineer team have done complete R&D for testing, matching, and verifying, to make sure a good quality and stable compatibility. SUNRISE Portable Power Station has obtained for CEFCCROSHPSEUN38.3 international certifications. SUNRISE Portable Power Station series are all coming with no fan design, which gives our products a lighter weight and smaller size. The aluminum alloy case can offer a good enough heat dissipation performance, harder protection to the inner components, and have a good room to contain high power capacity at the same time. No fan design can also do a great help on reducing the working noises, to maintain romance won't be break when you having the lights on. The battery can be charged by solar panel, vehicle charging, on-grid charging, and different DC charging methods. For the output part, it contains multiple charging interface like USB; Type-C; AC; DC, etc., to satisfied different demand. With our top design and mature production control, our products are safe and reliable. It is a great choice for outdoor activities like camping, picnic, fishing, hiking, etc., can provides you or/and your customers the real convenient mobile energy.
